SKILLS

Problem Solving | Communication | Friendly | Innovative | Motivated | Organized | Adaptability | Reliability | Teamwork

- **Languages:** C#, JavaScript, SQL, TypeScript
- **Frameworks/Technologies:** React, Next.js, .NET Core, Entity Framework Core, Tailwind CSS
- **DevOps:** Docker, Kubernetes
- **Tools:** VS Code, Visual Studio, Postman, Git, GitHub
- **Cloud Services:** Azure, RabbitMQ

ACHIEVEMENTS

Enhanced user engagement by 40% with a responsive dashboard, reduced API response times by 30% through optimized SQL and C# code, and increased scalability by 25% by migrating .NET to microservices. Improved security by 20% using JWT authentication, delivered features ahead of schedule, standardized error handling to reduce user errors by 15%, and achieved a 95% client satisfaction rate through timely, quality project delivery.

PROFILE

Driven and skilled Full Stack Developer with expertise in creating dynamic, user-focused applications that enhance digital experiences. Proficient in C#, JavaScript, SQL, and TypeScript, with a deep understanding of frameworks like React, Next.js, .NET Core, and Entity Framework Core. Skilled in leveraging DevOps tools such as Docker and Kubernetes, along with cloud platforms like Azure and RabbitMQ, to streamline development and optimize performance. Eager to bring technical prowess and innovative problem-solving to ambitious teams, delivering high-impact solutions that align with user needs and project goals.

EXPERIENCE

Full Stack Developer – NANHIDUNIYA (DREAM PROJECT)
MAR 2024 - PRESENT
- Created a microservices-based educational platform using ReactJS and .NET Core.

Full Stack Developer – ARIEL SOFTWARE SOLUTIONS PVT LTD.
OCT 2023 – MAR 2024
- Developed interactive web applications with .NET Core and React.
- Streamlined backend processes by optimizing SQL queries, improving response times.

Full Stack Developer – SMARTDATA ENTERPRISES INC
JAN 2022 – MAR 2023
- Built an Azure Bot to record Microsoft Teams meetings, using Azure and Microsoft Bot Framework.

Software Developer Intern – BRUCODE TECHNOLOGIES PVT. LTD
APR 2021- JAN 2022
- Worked across projects, implementing secure authentication and enhancing UI/UX with HTML, CSS, JavaScript.

EDUCATIONAL QUALIFICATION

Maharishi Markandeshwar University, Ambala   **2017-2021**
- B.Tech in Computer Science (Specialization: Software Development) – 7.9 CGPA
